Catastrophic Drug Coverage

This benefit provides for additional coverage at 100 per cent for eligible drug expenses over an annual threshold of \$10,000 per eligible person (retired member, spouse and eligible dependant children) in a calendar year.

Emergency Out-of-Country Coverage

Emergency out-of-country coverage provides benefits during a medical emergency while you or your dependants are temporarily outside Canada for business, education or vacation. The benefit provides 100 per cent coverage up to a lifetime maximum of \$1,000,000 without deductible and limited to trips of 90 days or less.

Global Medical Assistance Plan

The Global Medical Assistance Plan complements the Supplemental Health & Hospital out-of-province/out-of-country provisions by providing 24-hour access to medical assistance via a worldwide communications network. The network locates medical service providers and obtains Canada Life's approval of covered services, when required as a result of a medical emergency arising while you or your dependants are travelling for vacation, business or education purposes.
